

WATER DROUGHT/EMERGENCY ORDINANCE

Ordinance No. 2139

An ordinance authorizing the declaration of one of three progressive stages of a water supply conservation and / or water supply shortage which shall conserve or curtail the use of water within the City of Burlingame, Kansas ("the City"); establishing three stages of water conservation measures for the City; a water watch, warning or emergency; establishing procedures and voluntary and mandatory conservation measures; authorizing the issuance of administrative regulations; and prescribing certain penalties.

Be it Ordained by the Governing Body of the City of Burlingame.

Section 1. Purpose. The purpose of this ordinance is to provide for a progressive water supply conservation program, including the declaration of a water supply watch, warning or emergency and the implementation of voluntary and mandatory water conservation measures throughout the city in the event such a watch, warning or emergency is declared by the governing body of the City.

Section 2. Definitions.

- (a) "Water", as used in this ordinance, shall mean water available to the City of Burlingame for treatment by virtue of the City's water rights, water supply, water supply contracts or any treated water introduced by the City into its water distribution system, including water offered for sale at any coin-operated site.
- (b) "Customer", as used in this ordinance, shall mean the customer of record using water for any purpose from the City's water distribution system and for which either a regular charge is made or, in the case of coin sales, a cash charge is made at the site of delivery.
- (c) "Waste of water", as used in this ordinance, includes, but is not limited to:
 - (1) permitting water to escape down a, street, roadway or other surface intended for vehicle driving purposes, and / or any gutter, ditch, or other surface drain; or
 - (2) failure to repair a controllable leak of water due to defective plumbing.
- (d) The following classes of uses of water are established for the purposes of this ordinance:

Class 1:

Water used for outdoor watering; either public or private, for gardens, lawns, trees, shrubs, plants, parks, golf courses, playing fields, swimming pools or other recreational areas; or the washing of motor vehicles, boats, trailers, or the exterior of any building or structure.

Class 2:

Water used for any commercial, agricultural or industrial purposes, except water actually necessary to maintain the health and personal hygiene of bona fide employees of such businesses or interests while such employees are engaged in the performance of their duties at their place of employment.

Class 3:

Domestic usage, other than that which would be included in either classes 1 or 2.

Class 4:

Water necessary only to sustain human life and the lives of domestic livestock pets and maintain standards of hygiene and sanitation.

Section 3. In the event that the governing body of the City or the City's designated official determines that the City's water supply may be in subject to a shortage in supply or the governing body of the City determines there is need for conservation of City's water resources for any reason, the City may begin the progressive three (3) stage water conservation program by declaring a water watch as described in section 3(a) or, in times of need and / or duress, the governing body of the City may choose to declare any section of the program described in section 3 in effect at any time:

(a) Stage 1: Declaration of Water Watch. Whenever the governing body of the City finds that conditions indicate that the probability of a drought or some other condition causing a major water supply shortage is rising, it shall be empowered to declare, by resolution, that a water watch exists and that it shall take steps to inform the public and ask for voluntary reductions in water use. Such a watch shall be deemed to continue until it is declared by resolution of the governing body to have ended. The resolutions declaring the existence and end of a water watch shall be effective upon their publication in the official city newspaper.

(b). Stage 2: Declaration of Water Warning. Whenever the governing body of the City finds that drought conditions or some other condition causing a major water supply shortage are present and supplies are starting to decline, it shall be empowered to declare by resolution that a water warning exists and that it will recommend restrictions on nonessential uses during the period of warning. Such a warning shall be deemed to continue until it is declared by resolution of the governing body to have ended. The resolutions declaring the beginning and ending of the water warning shall be effective upon their publication in the official city newspaper. Pursuant to the approval of the Chief Engineer, Division of Water Resources, Kansas Department of Agriculture, the recommended restrictions on nonessential uses may be extended to private wells within the City limits.

(c). Stage 3: Declaration of Water Emergency. Whenever the governing body of the City finds that an emergency exists by reason of a shortage of water supply needed for essential uses, it shall be empowered to declare by resolution that a water supply emergency exists and that it will impose mandatory restrictions on water use during the period of the emergency. Such an emergency shall be deemed to continue until it is declared by resolution of the governing body to have ended. The resolutions declaring the existence and end of a water supply emergency shall be effective upon their publication in the official city newspaper. Pursuant to the approval of the Chief Engineer, Division of Water Resources, Kansas Department of Agriculture, the mandatory restrictions on water use may be extended to private wells within the City limits.

Section 4. Voluntary Conservation Measures. Upon the declaration of a water watch or water warning as provided in Sections 3(a) or 3(b), the mayor (or the city manager) is authorized to call on all water consumers to employ voluntary water conservation measures to limit or eliminate nonessential water uses including, but not limited to, limitations on the following uses:

(a) Class 1 uses of water.

- (b) Waste of water.

Section 5. Mandatory Conservation Measures. Upon the declaration of a water supply emergency as provided in Section 3(c), the mayor (or the city manager or authorized city official) is also authorized to implement certain mandatory water conservation measures, including, but not limited to, the following conservation measures:

- (a) Suspension of new connections to the City's water distribution system, except connections of fire hydrants and those made pursuant to agreements entered into by the City prior to the effective date of the declaration of the emergency;
- (b) Restrictions on the uses of water in one or more classes of water use as described in section 2(d), wholly or in part;
- (c) Restrictions on the sales of water at coin-operated facilities or sites;
- (d) The imposition of water rationing based on any reasonable formula including, but not limited to, the percentage of normal use and per capita or per consumer restrictions;
- (e) Complete or partial bans on the waste of water; and
- (f) Any combination of the measures in sections 5(a-e) as the governing body of the City or authorized city official may deem appropriate and / or necessary.

Section 6. Emergency Water Rates. Upon the declaration of a water supply emergency as provided in Section 3(c), the governing body of the City shall have the power to adopt emergency water rates by ordinance designed to conserve water supplies. Such emergency rates may provide for, but are not limited to:

- (a) Higher charges for increasing usage per unit of use (increasing block rates);
- (b) Uniform charges for water usage per unit of use (uniform unit rate); or
- (c) Extra charges in excess of a specified level of water use (excess demand surcharge).

Section 7. Regulations. During the effective period of any water supply emergency as provided for in Section 3(c), the mayor (or city manager or water superintendent or other authorized city official) is empowered to promulgate such regulations as may be necessary to carry out the provisions of this ordinance, any water supply emergency resolution, or emergency water rate ordinance. Such regulations shall be subject to the approval of the governing body at its next regular or special meeting.

Section 8. Violations, Disconnections and Penalties.

- (a) If the mayor, city manager, water superintendent, or other authorized city official or officials charged with implementation and enforcement of this ordinance or a water supply emergency resolution learn of any violation of any water use restrictions imposed pursuant to Sections 5 or 7 of this ordinance, a written notice of the violation shall be affixed to the property where the violation occurred and the customer of record and/ or any other person known to the City to be responsible for the violation and / or the correction of said violation shall be provided with either actual or mailed notice. Said notice shall describe the violation(s) and order that the noted violation(s) be corrected, cured or abated immediately or within such specified time as the City determines is reasonable for such correction, cure or abatement under the circumstances. In the event the order is not cured within the time period given in the notice, the City may terminate water service to the customer subject to the following procedures:
 - (1) The City shall give the customer notice by mail or actual notice that water service will be discontinued within a specified time due to the violation(s) and that the customer will have the opportunity to appeal the termination

- by requesting a hearing scheduled before the City governing body or a city official designated as a hearing officer by the City governing body;
- (2) If such a hearing is requested by the customer charged with the violation, the customer shall be given a full opportunity to be heard by the City governing body or the city official designated as a hearing officer by the City governing body before termination is ordered; and

The City governing body or the city official designated as a hearing officer by the City governing body shall make findings of fact and order whether service should continue or be terminated.

- (b) A fee of \$20.00 (Twenty dollars) shall be paid for the reconnection of any water service terminated pursuant to subsection (a). In the event of subsequent violations, the reconnection fee shall be \$20.00 (Twenty dollars) for the second reconnection and \$20.00 (Twenty dollars) for any subsequent additional reconnections within a 1 (One) year period.
- (c) Violations of this ordinance shall be a municipal offense and may be prosecuted in Municipal Court. Any person so charged and found guilty in Municipal court of violating the provisions of this ordinance shall be guilty of a municipal offense. Each calendar day in which a violation is observed shall constitute a separate offense. The penalty for an initial violation shall be a mandatory fine of not to exceed \$100.00 (One Hundred dollars). In addition, such customer may be required by the Court to serve a definite term of confinement in the city or county jail which shall be fixed by the Court and which shall not exceed 30 (Thirty) days. (Ord. 1830)

Section 9. Emergency Termination. Nothing in this ordinance shall limit the ability of any properly authorized city official from terminating the supply of water to any or all customers upon the determination of such city official that emergency termination of water service is required to protect the health and safety of the public or for any other emergency as required or authorized by ordinance or as deemed necessity of the City by such city official or the governing body of the City.

Section 10. Severability. If any provision of this ordinance is declared unconstitutional, or the application thereof to any person or circumstance is held invalid, the constitutionality of the remainder of the ordinance and its applicability to other persons and circumstances shall not be affected thereby.

Section 11. This ordinance shall become effective upon its publication in the official city newspaper.

Passed by the governing body this 3rd day of November, 2008.

WATER DROUGHT/EMERGENCY ORDINANCE

Ordinance No. 2139

An ordinance authorizing the declaration of one of three progressive stages of a water supply conservation and / or water supply shortage which shall conserve or curtail the use of water within the City of Burlingame, Kansas ("the City"); establishing three stages of water conservation measures for the City; a water watch, warning or emergency; establishing procedures and voluntary and mandatory conservation measures; authorizing the issuance of administrative regulations; and prescribing certain penalties.

Be it Ordained by the Governing Body of the City of Burlingame.

Section 1. Purpose. The purpose of this ordinance is to provide for a progressive water supply conservation program, including the declaration of a water supply watch, warning or emergency and the implementation of voluntary and mandatory water conservation measures throughout the city in the event such a watch, warning or emergency is declared by the governing body of the City.

Section 2. Definitions.

- (a) "Water", as used in this ordinance, shall mean water available to the City of Burlingame for treatment by virtue of the City's water rights, water supply, water supply contracts or any treated water introduced by the City into its water distribution system, including water offered for sale at any coin-operated site.
- (b) "Customer", as used in this ordinance, shall mean the customer of record using water for any purpose from the City's water distribution system and for which either a regular charge is made or, in the case of coin sales, a cash charge is made at the site of delivery.
- (c) "Waste of water", as used in this ordinance, includes, but is not limited to:
 - (1) permitting water to escape down a, street, roadway or other surface intended for vehicle driving purposes, and / or any gutter, ditch, or other surface drain; or
 - (2) failure to repair a controllable leak of water due to defective plumbing.
- (d) The following classes of uses of water are established for the purposes of this ordinance:

Class 1:

Water used for outdoor watering; either public or private, for gardens, lawns, trees, shrubs, plants, parks, golf courses, playing fields, swimming pools or other recreational areas; or the washing of motor vehicles, boats, trailers, or the exterior of any building or structure.

Class 2:

Water used for any commercial, agricultural or industrial purposes, except water actually necessary to maintain the health and personal hygiene of bona fide employees of such businesses or interests while such employees are engaged in the performance of their duties at their place of employment.

Class 3:

Domestic usage, other than that which would be included in either classes 1 or 2.

Class 4:

Water necessary only to sustain human life and the lives of domestic livestock pets and maintain standards of hygiene and sanitation.

Section 3. In the event that the governing body of the City or the City's designated official determines that the City's water supply may be in subject to a shortage in supply or the governing body of the City determines there is need for conservation of City's water resources for any reason, the City may begin the progressive three (3) stage water conservation program by declaring a water watch as described in section 3(a) or, in times of need and / or duress, the governing body of the City may choose to declare any section of the program described in section 3 in effect at any time:

(a) Stage 1: Declaration of Water Watch. Whenever the governing body of the City finds that conditions indicate that the probability of a drought or some other condition causing a major water supply shortage is rising, it shall be empowered to declare, by resolution, that a water watch exists and that it shall take steps to inform the public and ask for voluntary reductions in water use. Such a watch shall be deemed to continue until it is declared by resolution of the governing body to have ended. The resolutions declaring the existence and end of a water watch shall be effective upon their publication in the official city newspaper.

(b). Stage 2: Declaration of Water Warning. Whenever the governing body of the City finds that drought conditions or some other condition causing a major water supply shortage are present and supplies are starting to decline, it shall be empowered to declare by resolution that a water warning exists and that it will recommend restrictions on nonessential uses during the period of warning. Such a warning shall be deemed to continue until it is declared by resolution of the governing body to have ended. The resolutions declaring the beginning and ending of the water warning shall be effective upon their publication in the official city newspaper. Pursuant to the approval of the Chief Engineer, Division of Water Resources, Kansas Department of Agriculture, the recommended restrictions on nonessential uses may be extended to private wells within the City limits.

(c). Stage 3: Declaration of Water Emergency. Whenever the governing body of the City finds that an emergency exists by reason of a shortage of water supply needed for essential uses, it shall be empowered to declare by resolution that a water supply emergency exists and that it will impose mandatory restrictions on water use during the period of the emergency. Such an emergency shall be deemed to continue until it is declared by resolution of the governing body to have ended. The resolutions declaring the existence and end of a water supply emergency shall be effective upon their publication in the official city newspaper. Pursuant to the approval of the Chief Engineer, Division of Water Resources, Kansas Department of Agriculture, the mandatory restrictions on water use may be extended to private wells within the City limits.

Section 4. Voluntary Conservation Measures. Upon the declaration of a water watch or water warning as provided in Sections 3(a) or 3(b), the mayor (or the city manager) is authorized to call on all water consumers to employ voluntary water conservation measures to limit or eliminate nonessential water uses including, but not limited to, limitations on the following uses:

(a) Class 1 uses of water.

- (b) Waste of water.

Section 5. Mandatory Conservation Measures. Upon the declaration of a water supply emergency as provided in Section 3(c), the mayor (or the city manager or authorized city official) is also authorized to implement certain mandatory water conservation measures, including, but not limited to, the following conservation measures:

- (a) Suspension of new connections to the City's water distribution system, except connections of fire hydrants and those made pursuant to agreements entered into by the City prior to the effective date of the declaration of the emergency;
- (b) Restrictions on the uses of water in one or more classes of water use as described in section 2(d), wholly or in part;
- (c) Restrictions on the sales of water at coin-operated facilities or sites;
- (d) The imposition of water rationing based on any reasonable formula including, but not limited to, the percentage of normal use and per capita or per consumer restrictions;
- (e) Complete or partial bans on the waste of water; and
- (f) Any combination of the measures in sections 5(a-e) as the governing body of the City or authorized city official may deem appropriate and / or necessary.

Section 6. Emergency Water Rates. Upon the declaration of a water supply emergency as provided in Section 3(c), the governing body of the City shall have the power to adopt emergency water rates by ordinance designed to conserve water supplies. Such emergency rates may provide for, but are not limited to:

- (a) Higher charges for increasing usage per unit of use (increasing block rates);
- (b) Uniform charges for water usage per unit of use (uniform unit rate); or
- (c) Extra charges in excess of a specified level of water use (excess demand surcharge).

Section 7. Regulations. During the effective period of any water supply emergency as provided for in Section 3(c), the mayor (or city manager or water superintendent or other authorized city official) is empowered to promulgate such regulations as may be necessary to carry out the provisions of this ordinance, any water supply emergency resolution, or emergency water rate ordinance. Such regulations shall be subject to the approval of the governing body at its next regular or special meeting.

Section 8. Violations, Disconnections and Penalties.

- (a) If the mayor, city manager, water superintendent, or other authorized city official or officials charged with implementation and enforcement of this ordinance or a water supply emergency resolution learn of any violation of any water use restrictions imposed pursuant to Sections 5 or 7 of this ordinance, a written notice of the violation shall be affixed to the property where the violation occurred and the customer of record and/ or any other person known to the City to be responsible for the violation and / or the correction of said violation shall be provided with either actual or mailed notice. Said notice shall describe the violation(s) and order that the noted violation(s) be corrected, cured or abated immediately or within such specified time as the City determines is reasonable for such correction, cure or abatement under the circumstances. In the event the order is not cured within the time period given in the notice, the City may terminate water service to the customer subject to the following procedures:
 - (1) The City shall give the customer notice by mail or actual notice that water service will be discontinued within a specified time due to the violation(s) and that the customer will have the opportunity to appeal the termination

- by requesting a hearing scheduled before the City governing body or a city official designated as a hearing officer by the City governing body;
- (2) If such a hearing is requested by the customer charged with the violation, the customer shall be given a full opportunity to be heard by the City governing body or the city official designated as a hearing officer by the City governing body before termination is ordered; and

The City governing body or the city official designated as a hearing officer by the City governing body shall make findings of fact and order whether service should continue or be terminated.

- (b) A fee of \$20.00 (Twenty dollars) shall be paid for the reconnection of any water service terminated pursuant to subsection (a). In the event of subsequent violations, the reconnection fee shall be \$20.00 (Twenty dollars) for the second reconnection and \$20.00 (Twenty dollars) for any subsequent additional reconnections within a 1 (One) year period.
- (c) Violations of this ordinance shall be a municipal offense and may be prosecuted in Municipal Court. Any person so charged and found guilty in Municipal court of violating the provisions of this ordinance shall be guilty of a municipal offense. Each calendar day in which a violation is observed shall constitute a separate offense. The penalty for an initial violation shall be a mandatory fine of not to exceed \$100.00 (One Hundred dollars). In addition, such customer may be required by the Court to serve a definite term of confinement in the city or county jail which shall be fixed by the Court and which shall not exceed 30 (Thirty) days. (Ord. 1830)

Section 9. Emergency Termination. Nothing in this ordinance shall limit the ability of any properly authorized city official from terminating the supply of water to any or all customers upon the determination of such city official that emergency termination of water service is required to protect the health and safety of the public or for any other emergency as required or authorized by ordinance or as deemed necessity of the City by such city official or the governing body of the City.

Section 10. Severability. If any provision of this ordinance is declared unconstitutional, or the application thereof to any person or circumstance is held invalid, the constitutionality of the remainder of the ordinance and its applicability to other persons and circumstances shall not be affected thereby.

Section 11. This ordinance shall become effective upon its publication in the official city newspaper.

Passed by the governing body this 3rd day of November, 2008.

WATER DROUGHT/EMERGENCY ORDINANCE

Ordinance No. 2139

An ordinance authorizing the declaration of one of three progressive stages of a water supply conservation and / or water supply shortage which shall conserve or curtail the use of water within the City of Burlingame, Kansas (the City); establishing three stages of water conservation measures for the City; a water watch, warning or emergency; establishing procedures and voluntary and mandatory conservation measures; authorizing the issuance of administrative regulations; and prescribing certain penalties.

Be It Ordained by the Governing Body of the City of Burlingame.

Section 1. Purpose. The purpose of this ordinance is to provide for a progressive water supply conservation program, including the declaration of a water supply watch, warning or emergency and the implementation of voluntary and mandatory water conservation measures throughout the city in the event such a watch, warning or emergency is declared by the governing body of the City.

Section 2. Definitions.

(a) "Water", as used in this ordinance, shall mean water available to the City of Burlingame for treatment by virtue of the City's water rights, water supply, water supply contracts or any treated water introduced by the City into its water distribution system, including water offered for sale at any coin-operated site.

(b) "Customer", as used in this ordinance, shall mean the customer of record using water for any purpose from the City's water distribution system and for which either a regular charge is made or, in the case of coin sales, a cash charge is made at the site of delivery.

(c) "Waste of water", as used in this ordinance, includes, but is not limited to:

(1) permitting water to escape down a street, roadway or other surface intended for vehicle driving purposes, and / or any gutter, ditch, or other surface drain; or

(2) failure to repair a controllable leak of water due to defective plumbing.

(d) The following classes of uses of water are established for the purposes of this ordinance:

Class 1:

Water used for outdoor watering; either public or private, for gardens, lawns, trees, shrubs, plants, parks, golf courses, playing fields, swimming pools or other recreational areas; or the washing of motor vehicles, boats, trailers, or the exterior of any building or structure.

Class 2:

Water used for any commercial, agricultural or industrial purposes, except water actually necessary to maintain the health and personal hygiene of bona fide employees of such businesses or interests while such employees are engaged in the performance of their duties at their place of employment.

Class 3:

Domestic usage, other than that which would be included in either classes 1 or 2.

Class 4:

to continue until it is declared by resolution of the governing body to have ended. The resolutions declaring the existence and end of a water watch shall be effective upon their publication in the official city newspaper.

(b) Stage 2: Declaration of Water Warning. Whenever the governing body of the City finds that drought conditions or some other condition causing a major water supply shortage are present and supplies are starting to decline, it shall be empowered to declare by resolution that a water warning exists and that it will recommend restrictions on nonessential uses during the period of warning. Such a warning shall be deemed to continue until it is declared by resolution of the governing body to have ended. The resolutions declaring the beginning and ending of the water warning shall be effective upon their publication in the official city newspaper. Pursuant to the approval of the Chief Engineer, Division of Water Resources, Kansas Department of Agriculture, the recommended restrictions on nonessential uses may be extended to private wells within the City limits.

(c) Stage 3: Declaration of Water Emergency. Whenever the governing body of the City finds that an emergency exists by reason of a shortage of water supply needed for essential uses, it shall be empowered to declare by resolution that a water supply emergency exists and that it will impose mandatory restrictions on water use during the period of the emergency. Such an emergency shall be deemed to continue until it is declared by resolution of the governing body to have ended. The resolutions declaring the existence and end of a water supply emergency shall be effective upon their publication in the official city newspaper. Pursuant to the approval of the Chief Engineer, Division of Water Resources, Kansas Department of Agriculture, the mandatory restrictions on water use may be extended to private wells within the City limits.

Section 4. Voluntary Conservation Measures. Upon the declaration of a water watch or water warning as provided in Sections 3(a) or 3(b), the mayor (or the city manager) is authorized to call on all water consumers to employ voluntary water conservation measures to limit or eliminate nonessential water uses including, but not limited to, limitations on the following uses:

(a) Class 1 uses of water.

(b) Waste of water.

Section 5. Mandatory Conservation Measures. Upon the declaration of a water supply emergency as provided in Section 3(c), the mayor (or the city manager or authorized city official) is also authorized to implement certain mandatory water conservation measures, including, but not limited to, the following conservation measures:

(a) Suspension of new connections to the City's water distribution system, except connections of fire hydrants and those made pursuant to agreements entered into by the City prior to the effective date of the declaration of the emergency;

(b) Restrictions on the uses of water in one or more classes of water use as described in section 2(d), wholly or in part;

(c) Restrictions on the sales of water at coin-operated facilities or sites;

(d) The imposition of water rationing based on any reasonable formula including, but not limited to, the percentage of normal use and per capita or per consumer restrictions;

(e) Complete or partial bans on the waste of water; and

(f) Any combination of the measures in sections 5(a-e) as the governing body of the City or authorized city official may deem appropriate and / or necessary.

Section 6. Emergency Water Rates. Upon the declaration of a water supply emergency as provided in Section 3(c), the governing body of the City shall have the power to adopt emergency water rates by ordinance designed to conserve water supplies. Such emergency rates may provide for, but are not limited to:

(a) Higher charges for increasing usage per unit of use (increasing block rates);

affixed to the property where the violation occurred and the customer of record and / or any other person known to the City to be responsible for the violation and / or the correction of said violation shall be provided with either actual or mailed notice. Said notice shall describe the violation(s) and order that the noted violation(s) be corrected, cured or abated immediately or within such specified time as the City determines is reasonable for such correction, cure or abatement under the circumstances. In the event the order is not cured within the time period given in the notice, the City may terminate water service to the customer subject to the following procedures:

(1) The City shall give the customer notice by mail or actual notice that water service will be discontinued within a specified time due to the violation(s) and that the customer will have the opportunity to appeal the termination by requesting a hearing scheduled before the City governing body or a city official designated as a hearing officer by the City governing body;

(2) If such a hearing is requested by the customer charged with the violation, the customer shall be given a full opportunity to be heard by the City governing body or a city official designated as a hearing officer by the City governing body before termination is ordered; and

The City governing body or the city official designated as a hearing officer by the City governing body shall make findings of fact and order whether service should continue or be terminated.

(b) A fee of \$20.00 (Twenty dollars) shall be paid for reconnection of any water service terminated pursuant to subsection (a). In the event of subsequent violations, the reconnection fee shall be \$20.00 (Twenty dollars) for the second reconnection and \$20.00 (Twenty dollars) for any subsequent additional reconnections within a 1 (One) year period.

(c) Violations of this ordinance shall be a municipal offense and may be prosecuted in Municipal Court. Any person so charged and found guilty in Municipal Court of violating the provisions of this ordinance shall be guilty of a municipal offense. Each calendar day in which a violation is observed shall constitute a separate offense. The penalty for an initial violation shall be a mandatory fine of not to exceed \$100.00 (One Hundred dollars). In addition, such customer may be required by the Court to serve a definite term of confinement in the city or county jail which shall be fixed by the Court and which shall not exceed 30 (Thirty) days. (Ord. 1830)

Section 9. Emergency Termination. Nothing in this ordinance shall limit the ability of any properly authorized city official from terminating the supply of water to any or all customers upon the determination of such city official that emergency termination of water service is required to protect the health and safety of the public or for any other emergency as required or authorized by ordinance or as deemed necessary of the City by such city official or the governing body of the City.

Section 10. Severability. If any provision of this ordinance is declared unconstitutional, or the application thereof to any person or circumstance is held invalid, the constitutionality of the remainder of the ordinance and its applicability to other persons and circumstances shall not be affected thereby.

Section 11. This ordinance shall become effective upon its publication in the official city newspaper.

Passed by the governing body this 3rd day of November, 2008.

Class 4:

Water necessary only to sustain human life and the lives of domestic livestock pets and maintain standards of hygiene and sanitation.

Section 3. In the event that the governing body of the City or the City's designated official determines that the City's water supply may be in subject to a shortage in supply or the governing body of the City determines there is need for conservation of City's water resources for any reason, the City may begin the progressive three (3) stage water conservation program by declaring a water watch as described in section 3(a) or, in times of need and / or duress, the governing body of the City may choose to declare any section of the program described in section 3 in effect at any time:

(a) Stage 1: Declaration of Water Watch. Whenever the governing body of the City finds that conditions indicate that the probability of a drought or some other condition causing a major water supply shortage is rising, it shall be empowered to declare, by resolution, that a water watch exists and that it shall take steps to inform the public and ask for voluntary reductions in water use. Such a watch shall be deemed

(b) Uniform charges for water usage per unit of use (uniform unit rate); or

(c) Extra charges in excess of a specified level of water use (excess demand surcharge).

Section 7. Regulations. During the effective period of any water supply emergency as provided for in Section 3(c), the mayor (or city manager or water superintendent or other authorized city official) is empowered to promulgate such regulations as may be necessary to carry out the provisions of this ordinance, any water supply emergency resolution, or emergency water rate ordinance. Such regulations shall be subject to the approval of the governing body at its next regular or special meeting.

Section 8. Violations, Disconnections and Penalties.

(a) If the mayor, city manager, water superintendent, or other authorized city official or officials charged with implementation and enforcement of this ordinance or a water supply emergency resolution learn of any violation of any water use restrictions imposed pursuant to Sections 5 or 7 of this ordinance, a written notice of the violation shall be
